Please join us for the **Heartwood Reunion** and the **Indiana Forest Alliance Fall Forest Fest** October 8-10. Help celebrate Heartwood's 20 years of forest protection with a program focusing on positive alternatives and featuring a national biomass strategy meeting.

The Reunion is held each year over Columbus Day weekend at the Lazy Black Bear, a one-of-a-kind rustic farm and lodge nestled in the wooded hills of the Hoosier National Forest near Paoli, Indiana.

Don't be misled by the name: The Reunion welcomes newcomers and old-timers alike. Learn what's happening in your world and what you can do to make it better. Enjoy an informative and inspiring program, great food, and lively entertainment, all in a beautiful forest setting. Meet your neighbors and the extended network of friends and family you may not even know you have.
